\[ V = \frac{V_x}{2} = \frac{1}{2} V_x \]

\[ V = \frac{1}{2} V_x \]

\[ V_{dd} \]

Diagram of a circuit with resistors and capacitors.

4/11/19
a. Determine commuted angle.

\[ \angle C = \frac{5}{2} \]

b. Check for adjacent angles.

\[ \angle 1 \]

c. From other consideration:

\[ \angle 5 \]
